

NEWSLETTER NO. 1/2025

ERASMUS+ PROGRAMME: KA220-VET - COOPERATION PARTNERSHIPS IN VOCATIONAL EDUCATION AND TRAINING

The actions under KA2 make it possible for organisations from different participating countries to work together, develop, share, and transfer best practices and innovative approaches in education, training, and youth.

GREENTEACH - TRANSFORMING TEACHING FOR A GREENER PLANET

The GreenTeach project focuses on environmental sustainability and the fight against climate change by enhancing green and sustainable vocational education and training (VET).

Key Objectives

- ✚ Upskilling educators by improving their green and sustainable competences.
- ✚ Aligning training with European frameworks and sustainability standards.
- ✚ Equipping educators to deliver inclusive green learning scenarios.
- ✚ Utilizing modern technologies and innovative pedagogies to bridge the skills gap.

Innovative VET Curricula

- ✚ Designed to meet global changes and evolving labour market needs.
- ✚ Enhances human resource qualifications in the VET sector.

Contribution to a Green Economy

- ✚ Promotes the European Competence Framework for Sustainability (GreenComp).
- ✚ Introduces sector-specific European and international environmental standards.
- ✚ Strengthens the role of VET in preparing the next generation.

Flexible Training for VET Teachers

- ✚ Provides opportunities to develop green and sustainable development competences.
- ✚ Ensures adaptability to the rapidly changing environmental landscape.

Funded by
the European Union

GREEN TEACH TARGET GROUPS:

Direct Target Group (DTG)

Individuals and organisations that directly benefit from GreenTeach outputs, divided into:

Primary DTG

- ✚ VET educators in both school and work-based settings.
